Seniors,

Keep track of all the scholarships you have been offered. We will need your total amount when you do your senior exit survey. This includes all grants, merit scholarships, military appointments, athletic scholarships. If you have been offered a scholarship whether you are receiving or not must be reported.

Use this graph below to keep track. Make sure to add each years' total. Calculate whether it is renewable each year or one-time scholarship. Also, use your FAFSA report for an easy tool but include all scholarship even if they are not on the FAFSA report. If you have been offered funding write it down. See Marni Klamm for any questions!

Scholarships Offered or Received	Renewable or One-time	Amount Per Year	Total Amount
